

General International Memorandum of Understanding (GIMOU) Renewal Form

A General International Memorandum of Understanding (GIMOU) is an umbrella agreement that states a general intent to collaborate. It provides basic information about both institutions, but does not articulate specific activities or commit resources. While the creation of an international agreement is necessary in some cases, often collaboration and partnership can be built without the signing of an official agreement. Please complete the renewal form below. The Office of Global Strategies uses this form to track collaborations and partnerships that developed as a result of an already existing agreement. For questions, please contact the Office of Global Strategies. <globalstrategies@unl.edu>
